

Bespoke Horizontal Sliding Door

SLIDING DOORS

Aesthetically appealing bespoke garage door solutions to suit any home.

ARA Manufacture's bespoke horizontal sliding door is custom-made and available in any size and a range of quality options.

OVERVIEW

Garage doors form a significant part of a home's facade, so it's important to find one that is in keeping with your architecturally designed property's overall look.

Choose from our range of quality sophisticated doors using a regular roll-formed sheet or have one specifically designed and engineered to meet your unique requirements.

A bespoke door can also be made to provide extra security by using roll-formed or extruded interlocking slats for superior strength.

APPLICATIONS

ARA Manufacture's Clearfold and mini Clearfold folding doors suit many commercial large openings including:
