

Ravco 50-48 Cabinet Light Duty Hinge

HINGES

Perfect hinge solution for high frequency openings.

ARA Manufacture's Ravco 50-48 cabinet light duty hinge is made from aluminium and has the capacity to carry a door up to 60 kgs.

RAVCO

OVERVIEW

ARA Manufacture's Ravco 50-48 cabinet light duty hinge is a sealed-joint hinge that eliminates finger-catching gaps and is self-proofed from weather, sound, sight and tamper. The unique design eliminates the need for morticing, hinge punching or reinforcing plates on the metal which reduces labour costs and doors are held free of sag or deflection.

APPLICATIONS

ARA Manufacture's Ravco 50-48 cabinet light duty hinge is designed to be used on lighter doors and openings weighing up to 60 kgs and can be used on bullet and fire rated applications.
