

Bench seating range

Timber seat

Our customisable bench seating range includes traditional timber bench seats, shoe shelves and custom ottomans that can be made to any length or shape with a variety of material options.

STANDARD CONSTRUCTION

Polished 90mm Tasmanian Oak bench seat with powder coated or stainless steel frame.

Choose any natural timber or composite slats for your bench seat.

The double seat is available with or without hanging rail.

Seats can be made to any length, width or height.

Select any powdercoat colour from the Dulux range or go sleek with stainless steel.
